

College Admissions

Ask at least 2 Americans about what factors are important in getting admitted to the college you want to go to, and how they decided where to go to college. What are colleges looking for? Ask them at least about the following potential factors. How important is each? How important should it be?

- High school grades
- SAT or ACT scores
- Affirmative action or ethnic and gender issues
- Social activities in high school
- Athletic activities in high school
- Money
- Influence of family and friends
